

WOODLANDS RING PRIMARY SCHOOL
SOARING TO NEW HEIGHTS

The Horizon

CONNECTING WITH YOU

2023 ISSUE 3

A MESSAGE FROM OUR VICE-PRINCIPAL (ADMINISTRATION),

Dear Parents and Students,

Our school recently marked the momentous occasion of our 25th anniversary! This special milestone is a testament to the dedication and hard work of everyone involved in our school community over the past 25 years.

As part of the celebrations, WRPS underwent an extensive refreshing of its compound. You might have noticed the beautification of our school over the past months from the enlivening and bright colours that greet and invite learners daily to the vibrant learning spaces that engage the young minds who walk through the gates of WRPS.

The transformation is beyond cosmetic reasons as it also serves to enrich our students' learning experiences in the years to come. For instance, witnessing the growth and harvesting of the vegetables and mushrooms in our new hydroponic and mushroom incubators not only aligns with the Science curriculum but also supports the eco-sustainability movement, inspiring our students to grow their own crops at home too.

Even as we prepare our students for the future, we are mindful of hazards that are ever present in our environment, hence our constant emphasis on emergency preparedness. An evacuation drill to an External Holding Area at a nearby HDB block was held in August where our students responded admirably in a calm and collected manner. In our pursuit of excellence, our school also underwent an External Safety Validation recently, akin to a routine check-up, that helps us refine and enhance our safety procedures to ensure that all processes and infrastructure run like a well-oiled machine.

WRPS' commitment to excellence and safety positions us in the best possible learning environment for our students. Here's to the next 25 years of enriching and insightful learning experiences!

Mr Chew Chin Ming
Vice-Principal (Administration)

Farm to table experience at WRPS.

A calm and orderly evacuation underscores safety of all.

Bright and cheery colours light up our learners' day.
