Virtual Learning Journeys

Virtual Learning Journey to Edible Garden City (Local-based)

Combining a hybrid of LIVE streaming and in-class activities, students can have a multi-sensory experience of the outdoors in the safety of their classrooms, where social distancing is a concern.

Objectives:

- To heighten pupils' interest on what goes on beyond the classroom and their home
- To increase the knowledge of our pupils of the world beyond Singapore
- To create an appreciation for the hard work of the farmers and what it takes to bring food to our table (Farm-to-table experience)

Site-based organic farm tour will cover:

- Urban Farming
- The challenges
- The innovations including various forms of Controlled-environment Agriculture •
- Real life examples including opportunities to see, touch, smell, taste edible plants on the farm, up close with a Farmer

Virtual Learning Journey to UK Farm Agro Resort (Malaysia)

Combining a hybrid of LIVE streaming and in-class activities, students can have a multi-sensory experience of the outdoors in the safety of their classrooms, where social distancing is a concern.

Objectives:

- ☐ To heighten pupils' interest on what goes on beyond the classroom and their home
- ☐ To create awareness among pupils of the way of life and values of people from other countries
- ☐ To increase the knowledge of our pupils of the world beyond Singapore
- ☐ To create an appreciation for the hard work of the farmers and what it takes to bring food to our table (Farm-to-table experience)

Virtual farm tour will be conducted via ZOOM. Tour will include:

- ☐ Fact sheet about goats: Diet & Digestive system
- ☐ Introduction to Organic Recycle
- ☐ Goat Milk Processing Centre
- ☐ Ostrich, deer and rabbit farm
- ☐ Jakun Village
- ☐ Tropical Trees

Note: Only the actual goat area will be shown virtually. The rest of the places will be covered verbally by the UK farm guides. Pictures and real samples such as ostrich egg, antlers will be shown via video.
